

Chamber module LW 1000 floor slab Access LW 600, 1130-1379 mm, Class D

Article information

Item no.: 8740019 GTIN: 4026092065341 Price group: 60

Advantages

- For modular assembly with simple connection segments and intermediate sections 250 and 500 mm high
- Innovative honeycomb structure
- Installation in groundwater up to 3000 mm

Description

The chamber module for wet or dry installation is equipped with fitted access steps in accordance with DIN EN 13101 and BGR 177, all the necessary seals and connecting wedges as well as a taper with vertically adjustable upper section. The intermediate sections made of permanently resistant polymer (PE) have universal connection possibilities. Thanks to the modular KESSEL system, the design can be flexibly combined with intermediate sections, taper, upper section and cover.

| General characteristics Colour: Material: Standard: Installation situation: Delivery state: | black PE-HD EN 13598-2 underground installation Partly for on-site assembly (access steps have been pre-mounted in the factory) |
